Leadership Focus

“Deliver Health IT management consulting and staffing services that drive improvement in the quality and continuity of federally provided patient care by employing our experience and expertise with today’s most advanced Health Information and Interoperability Technologies.”

– Denny Porter, President and CEO Forward Thinking Innovations, LLC

Business Differentiators

- Decades of diverse DOD and VA experiences formed FTIC’s deep and foundational understanding of the Federal Healthcare landscape to include all the modernization challenges, and opportunities facing Service Members and Veterans seeking healthcare today
- Proven policy, technology, and standards expertise allows FTIC to provide unparalleled Federal Health IT focused management consulting services and solutions that are directly applicable to the struggles facing today’s Federal Healthcare leaders
- FTIC maintains a vault of lessons learned cultivated from our Program Design, Development, Optimization and Management experiences with all life cycle phases of the worldwide deployments of CHCS, AHLTA, VLER Health programs and now VA’s Electronic Health Record Modernization (EHRM) Program

Management Consultant Services
